

Sport Jiu Jitsu International Federation

SJJIF Sanctioned Events Agreement

The Sport Jiu-Jitsu International Federation (SJJIF) is a nonprofit organization that together with its federations are hosting events all over the world with the mission of taking the sport of Jiu-Jitsu to the Olympic games.

Today the SJJIF recognizes that Jiu-Jitsu is growing in popularity and many people love the sport, however, our sport lacks unity amongst its many entities. Consequently, federations, event organizers, and the many other members of our sport community often find themselves working against one another and adversely impacting our sport.

The primary goal of the SJJIF is to unify and organize the existing Sport Jiu-Jitsu, Brazilian Jiu-Jitsu, Jiu-Jitsu federations, event organizers, and other members of our sport community under one governing body that share the vision of reaching Olympic greatness and international recognition.

In order for Jiu-Jitsu to become an Olympic sport we need to further organize the sport. This includes having all events follow one set of standard rules and guidelines that emphasize fairness, good sportsmanship, and promote the growth of our sport.

Our vision is that together, we will work diligently to uphold the unifying rules and guidelines to aid in organizing & structuring tournaments, insure the hiring of qualified staff, referees and instructors, and develop larger organized events that will bring acknowledgement and respect to our sport.

In order to accomplish this, each federation or sanctioned event organizer under the SJJIF is responsible for hosting competitions that will rank athletes in their respective territories and are organized in accordance with the SJJIF Competition Rules & Regulations.
